RivaGLDF (Giuseppe L. Di Fede) born in Bari (Italy) in 1977, lives and works in Milan (Italy). He graduated at Ca'Foscari University in Venice in Oriental Languages and Literature and at the School of Interpreters and Translators.

After a long period in Japan, he graduated from the Nagano Gaigo Art Academy.

He used his time in the East to evolve the usual Eurocentric point of view typical of western education before returning to Italy and assiduously attending the Accademia di Belle Arti in Venice. He collaborates with a small movement of young artists involved in the figurative arts with whom he organises group and solo exhibitions open to the public.

He creates and adheres with them to the "manifesto of dissociation and new decomposition" in which some considerations and personal orientations in the field of art and neuroaesthetics are clear.

A member of the "Italia Nostra" Association, he has at heart the interest and protection of the territory in terms of respect for nature and cultural heritage.

The events of Miart Milano and Design Week 2023 at Galleria Miart Antonio Miniaci, via Brera 3, were well attended. Solo Exhibition 04-24.04.2023

The project had such an echo that it became a short film presented for the first time in Rome at the "Tulips of Black Silk" Festival where it received a special mention. Currently selected by the Museo del Cinema di Torino, in competition in October 2024

From 2021 he is resident artist at the "Miart Gallery" in Milan, one of the most important artistic realities in the dynamic Brera district and currently artistic director and television presenter of a Contemporary Art programme "Ipotesi" on Seilatv Channel 94
